September, 2018

Data controller / data processor

Mølholm Forsikring is always the data controller of the information received from our business customers who have purchased a health insurance. Mølholm Forsikring sells an insurance and does not perform any data processing regarding the information received from our business customers in relation to their employees.

The information received is used for a new purpose – to enter and fulfill the agreed health insurance including the examination and/or treatment of an illness/ disorder that the employee or registered person have reported.

This is done on terms that are unilaterally determined by Mølholm Forsikring. Mølholm Forsikring determines the purpose and means for handling the personal data that is required in order to fulfill the insurance agreement. Mølholm Forsikring is a business and is regulated in accordance to the Financial Business Act.

On this basis no agreement regarding data processing must be entered between Mølholm Forsikring and the business customers.

Our business customer must ensure that they pass on the personal information of their employees to Mølholm Forsikring in accordance to the General Data Protection Regulation. When collecting and passing on personal information about their employees, our business customers must inform the affected employees that the transfer of personal information takes place.

The above does not constitute legal advice to the customers of Mølholm Forsikring, but is an expression of our perception of the laws regarding data administrators and data controllers. Mølholm Forsikring urge you to contact your own legal advisors on the matter if you have any questions regarding the regulations.
